PALADIN SCORING SYSTEM PAPER TARGET**

SCORING VALUES

**ZONE A = 5 POINTS
ZONE B = 4 POINTS
ZONE C = 4 POINTS
ZONE D = 2 POINTS**

Paladin Scoring System:

On a standard IPSC Metric Paper Target, you must place at least 2 or 3 rounds of any combination, inside the A, B, C, or D zone in order to get at least 8 points on that target. An A zone hit = 5 points, a B zone hit = 4 points, a C zone hit = 4 points, and a D zone hit = 2 points. You may fire as many rounds as necessary to get your required 8 points. For example: You will need to get a minimum of 1 A zone and 1 C zone hit, or 1 A zone & 1 B zone hits, or 1 C zone and 2 D zone hits, or 2 C hits, etc., etc. For shotgun targets, you only have to hit your target once to get your 8 points, unless the stage description calls for 2 hits with slugs on a paper target. (ie: steel down, clay broken, or Newbold Target moves when hit.) Newbold Targets require 1 or 2 hits with rifle or pistol, according to the stage description. If you do not get the required 8 points on your target, (pistol, rifle or shotgun) it will add 10 seconds to your time. No shoot hits, +10 seconds, and procedurals, +10 seconds. As you can see, this will be a TIME BASED MATCH ONLY.
